**“For Peace, Freedom
and Democracy”**

Saturday, June 19, 2010
12:00 Noon

Peace is everyone's business and there is much more to peace than the absence of war. Poverty, racism, human rights violations, crime, unemployment, environmental destruction -- all undermine peace in our community and around the world.

Freedom from fear, hunger, poverty, discrimination and oppression are all a part of the peaceful world we seek. Please join us on June 19th.
